About Me

I am Sudharsan, an aspiring software developer from Tirunelveli with a strong passion for technology. I have developed skills in various programming languages and front-end technologies. I have successfully completed two front-end projects, including a personal portfolio website and a movie ticket booking application.

My Projects

- **Cinema Ulagam:** Online Movie Ticket Booking System -Live Preview
- **Soulace:** The Soulace project is a static website - Live preview
